To Telephone Subscribers and the Public.

at once by Telephone.

All employees of The Bell Telephone Company of Canada whose duties require them to enter the premises of subscribers or others, are required to wear a badge similar to that illustrated above. The public is hereby notified to require all persons who desire to enter their buildings or premises for purposes in connection with the Telephone, to exhibit their badges and note the numbers of the same. Any person claiming to be an employee of the Company who is without this badge should be refused admission and the Local Manager be notified

THE BELL TELEPHONE CO. OF CANADA.

The Bell Telephone Company of Canada.

PUBLIC NOTICE.

This Company's tariffs of Local and Long Distance Telephone Tolls are open to inspection and may be seen upon application to the Manager at the Company's Central Exchange. The joint tariffs of international tolls for conversations with points in the United States are open to inspection and may be seen upon application at the Head Office of the Company, in the City of Montreal, or to the Company's Manager at the Block Centre for any locality, the name of which centre will be furnished by the Manager of the local exchange. The following are the Block Centres in the districts covered by this Directory:—

EXCHANGE SERVICE.

GENERAL INSTRUCTIONS.

After calling Central Office, remove the Telephone from the hook, and hold it to the ear, until an answer is received from the Exchange. Give the Operator the number of the Subscriber's station required, giving the figures of the number separately, as "one-four-two-nine," instead of "fourteen-twenty-nine." Keep the Telephone to your ear, and the Operator will connect you with the party called for and ring his bell, unless his line is found to be busy, in which case she will notify you of that fact.

Answer the calls on your bell promptly.

Face the Transmitter with the mouth about one inch from the opening. Speak naturally, distinctly, and not too rapidly.

If the station connected fails to answer within a reasonable time, the Operator should be called and informed of the fact. Upon being informed that communication has not been established, the Operator will then ring a second time.

After your conversation is finished hang up the telephone. If your station is equipped with a generator and crank be sure and give one (1) short ring, as this clears the line for another call.

Do not use the Telephone during a thunderstorm.

RULES AND REGULATIONS.

DESTROY PREVIOUS LISTS.

The right of the Subscriber is to use the instruments and connecting lines where the Company may place them, but not elsewhere, under such rules as the Company may from time to time prescribe. He shall not extend their use to other individuals, except his servants upon his business; nor shall they be used for any tolls or consideration to be paid by any person other than the Subscriber; nor does this confer on him the right to use any other instrument.

A Subscriber is not allowed to remove or otherwise interfere with the wire connections or parts of any Telephone apparatus leased from this Company.

Moving of Instruments.—The Telephone is first located by the Company where the Subscriber directs; if, afterwards, the instrument is required to be moved, such removal will be done by the Company at the expense of the Subscriber.

Numbers.—Subscribers are requested not to advertise Telephone Numbers, but simply the word "Telephone," as it may be necessary to change such Numbers.

The use of profane or improper language over the lines is strictly forbidden.

Complaints regarding inattention on the part of employees of the Company, or of interruptions to Exchange service, should be made to the **Trouble Department Telephone**, which, in the larger Exchanges, is given at the head of the list of Subscribers for that place, and, if not promptly attended to, to the **Local Manager**. If the matter is not then satisfactorily arranged, notice should be sent to the **Ontario Department Office, Hamilton**, or to the **Head Office, Montreal**.

LONG DISTANCE SERVICE.

Direct Telephonic communication can be had with all the principal cities, towns and villages in the Provinces of Quebec and Ontario and the United States, within a radius of one thousand miles. A list of Offices connected by the Long Distance Lines of this Company in the Provinces of Ontario and Quebec will be found in this book.

RULES AND REGULATIONS.

To Make a Long Distance Call—First call for "Long Distance." When the Long Distance Operator answers, give the number or firm name, the initials and name of the particular person desired, the city or town, and the initials and name of the person originating the call.

Long Distance Charges—All rates quoted are for conversations of three minutes or less. For overtime beyond the initial period of three minutes, charge will be made by the minute at the rate of about one-third of a single message rate for each additional minute.

When a particular person is desired, the name must be given to the Operator, otherwise charge will be made from the time connection is established with the Telephone desired, whether the party required is obtained or not.

Reversal of Charges.—All charges will be made against the originating office except those for which the receiving party expressly agrees to pay.

Complaints.—Complaints regarding unsatisfactory Long Distance Service should be made to the Local Manager or to the Head Office, Montreal.

PARTY LINE COURTESY.

To make party line telephone service efficient, and to prevent annoyance to the subscribers on the same circuit, the following rules must be observed:—

1. Answer only your own signal. If there is any confusion about the rings, report the fact promptly to the Chief Operator.
2. When you wish to call, remove the hand telephone and listen. If the line is in use restore the telephone immediately to the hook and wait for those using the line to finish.
3. Do not allow the servants, children or others to listen on the line when it is in use, or to play with the telephone at any time.

Please remember that the other subscribers on the line have equal rights with you, and that parties on the same telephone line should be as courteous to each other over the wire as when they meet face to face.

Party line service is satisfactory when the above rules are observed.

LIST OF OFFICES

Connected with the Long Distance Lines of the
BELL TELEPHONE CO. OF CANADA, LTD.
AND CONNECTING COMPANIES,
IN THE PROVINCES OF ONTARIO AND QUEBEC.

The tariff to any of the following places, or to any point in the United States, may be obtained from "Long Distance" at your Central office. Should the place wanted not be mentioned in the list, ask "Long Distance;" it may have been recently opened.

The Bell Telephone Company has direct connection with approximately 300 independently operated telephone companies in Ontario and Quebec; stations on the lines of such companies are designated by a †.

BE A LIVE WIRE.

One way to keep in touch with the world is to see that the world may keep in touch with you. Don't "lend" your telephone. While your telephone is being used, to all who may desire to speak to you the line is reported "busy."
